

PROTACHEM CER ^[tm]

(CETYL RICINOLEATE)

Protachem CER [Cetyl Ricinoleate] is an emollient ester of Cetyl Alcohol and Ricinoleic Acid.

Derived from Castor Oil, a natural **Vegetable** based product, which exhibits an outstandingly light, yet lubricious feel.

Non-comedogenic, non-irritating to the skin and has a neutral taste.

Melting point similar to skin temperature with excellent moisturizing properties.

Provides a soft, smooth, application with high shine.

Non-greasy feel similar to petrolatum but much less occlusive allowing the skin to breathe.

Excellent pigment wetting properties - Excellent film former.

Applications:

LIP STICK PRODUCTS ♦ **MAKE-UP FORMULATIONS** ♦ **MAKE-UP REMOVERS**
FACIAL CLEANSERS ♦ **FACE AND BODY MOISTURIZERS**
ANTI-AGING FACE CARE PRODUCTS
